Humility*

ABOUT SRI SATHYA SAI BABA

Sri Sathya Sai Baba was born Sathyanarayana Raju in the year 1926 at Puttaparthi, a small, pastoral village in India's Andhra Pradesh state. He grew up to be loved and revered as a humanitarian and a spiritual leader the world over. His message of 'Love All- Serve All' and 'Help Ever- Hurt Never' formed the basis for all the philanthropic work in the fields of education, healthcare and water He pioneered. Baba's simple yet effective teachings on life and spirituality continue to guide us even today. His mission of touching and transforming individuals and societies through acts of selfless love and service lives on.

OUR GUIDING PHILOSOPHY

*Bear all, do nothing;
Hear all, say nothing;
Give all, take nothing;
Serve all, be nothing.*

– BABA

EVENTS

ABOUT US

The altruistic activities in the areas of education, healthcare and sociocare are carried out under the following trusts and society. These institutions are managed independently, each by a separate Board of Trustees and governed by the statute under which they are set up. They are, however, united in purpose of extending loving service and contributing to nation building.

SRI SATHYA SAI LOKA SEVA TRUST

Known previously as the Loka Seva Vrinda, the Sri Sathya Sai Loka Seva Trust was registered at Chikkaballapur in 1978 to run the two educational campuses in Alike (Dakshin Kannada district) and Muddenahalli

in Chikkaballapur district. Together, these two campuses run nine institutions that impart primary, higher primary and secondary education including pre-university and degree courses.

PRASHANTHI BALA MANDIRA TRUST

This trust was set up in 1981 at Chikkaballapur to offer education that aims to mould children to excel in academics and cultivate a holistic personality. The following schools are managed by this trust:

- a) Sri Sathya Sai Prema Niketanam, Vijayapura
- b) Sri Sathya Sai Sathya Niketanam, Hassan
- c) Sri Sathya Sai Vani Niketanam, Gadag
- d) Sri Sathya Sai Prashanthi Niketanam – Centre for Human Excellence and Pre-University College for Girls, Chikkaballapur
- e) Sri Sathya Sai Centre for Human Excellence – Boys, Muddenahalli, Chikkaballapur.
- f) Prashanthi Bala Mandira School, Chikkaballapur.

SRI SATHYA SAI SARASWATHI EDUCATION TRUST

This institution was established in the year 2011 with alumni of the Sathya Sai Educational Institutions as trustees. Registered in Karnataka's Chikkaballapur district, the trust defines its purpose as being able to offer free, values-based

education to children. The Sri Sathya Sai Vidya Niketanam in Gulbarga, the Sri Sathya Sai Sharada Niketanam in Mandya and both Sri Sathya Sai Divya Niketanam and Sri Sathya Sai Sri Niketanam in Chikamagalur district are run by this trust.

**SRI SATHYA SAI
ARADHANA TRUST**

SATHYA SAI GRAMA, MUDDENAHALLI

SRI SATHYA SAI ARADHANA TRUST

This trust was set up in the year 2014 and was registered in Chikkaballapur district, Karnataka as a religious trust under the Charitable and

Religious Trusts Act 1920. All yajnas, pujas, religious and spiritual talks by learned scholars are organised and conducted by this trust.

SRI SATHYA SAI PREMAMRUTHA PRAKASHNA SOCIETY

This society was registered in 2012 at Mandya district, Karnataka as the Loka Seva Trust's books, publication and communications division. Through several

books, event updates at Muddenahalli and Sanathana Vani, the radio channel, this arm communicates Baba's message of unity of religions and loving service.

अद्वैत दर्शनं ज्ञानम्

SRI SATHYA SAI ANNAPOORNA TRUST

This charitable trust was set up in November 2015 to serve nutritious, well-balanced breakfast to all school-going children in

rural India. It is headquartered in Sathya Sai Grama, Muddenahalli, Chikkaballapur district of Karnataka, India.

EDUCATION

True education is not for a mere living,
but for a fuller and meaningful life.

– Baba

AIMING FOR HUMAN EXCELLENCE

SRI MADIYAL NARAYAN BHAT

Late Sri Madiyal Narayan Bhat, fondly called as Anna, was the founding father and patron of the Alike and Muddenahalli institutions. He established the Loka Seva Vrinda in 1960 and the two schools came up in 1962 and 1973, first in Alike and later at Muddenahalli. Upon his untimely demise, Baba formally took over the schools under the newly-formed Sri Sathya Sai Loka Seva Trust.

SRI SATHYA SAI LOKA SEVA GROUP OF EDUCATIONAL INSTITUTIONS

Caring for the Nation through Education

FROM THE CHIEF MENTOR'S DESK

In 1982, when we established the first school for girls in Chikkaballapur district, I couldn't have imagined we would be schooling 4,600 students across 22 institutions and nine districts in Karnataka. Yet, just one in ten such students living in countrified India makes her way to our schools. This explains not just our hurried expansion to integrate more children into the formal schooling system but also the criticality of it.

As an institution committed to moulding students to be socially responsible, academically brilliant and fundamentally of strong character, we believe values-based education is vital to human and economic development. So, alongside enabling our little learners to eke a living, we also equip them with skills to make life worthwhile and meaningful.

That the students leave the portals seeing themselves as contributors to the society inspires us to stay invested in this cause. And when we look back after handing over each batch to the society, we realise that this process of teaching and learning has touched and transformed us as much as it has the students. May be that's why they say when one teaches, two learn.

The past year has been very gratifying for us with all our schools reporting a 100 percent pass percentage in both English and Kannada media of instruction. Also, we embraced more students this year adding two campuses at Gadag and Chikkaballapur districts. And this has been possible because many have made benevolence their bent of mind, parting with their rainy-day funds to bestow children with the wealth of education.

Until the last child from our country's villages receives education and her children do too, we will keep at it.

This will be our story.

BN Narasimha Murthy

A wooden post with three directional signs. The top sign is a white arrow pointing left with the word "VISION" in black. The middle sign is a white arrow pointing right with the word "MISSION" in black. The bottom sign is a white arrow pointing left with the word "VALUES" in black. The post is made of weathered wood and is set against a bright yellow background.

VISION

MISSION

VALUES

OUR VISION

To impart values-based universal and integral education to all children, without any discrimination and at absolutely no cost to them, to help grow them into good human beings with brilliant intellect, compassionate heart and competent hands.

OUR MISSION

To establish top-quality educational institutions based on the ancient Gurukula system of education in every district in the state of Karnataka and eventually in every district of India.

VALUES

The life and message of Sri Sathya Sai Baba is our guiding light. It is our constant endeavor to model our educational institutions to reflect his teachings. Baba's 3Hs – harmonise the heart, head and hand - form our overarching principle. It is the benchmark we constantly strive to meet and the promise we always wish to keep.

A couple of years back, my family was in a dire situation. My father, the only bread winner of the family, lost his job. Though I was very good at academics, I knew this meant an end to my dream of studying further. But thanks to the Sri Sai Sathya Loka Seva Group of Educational Institutions, not only did I get to pursue higher school education, I did so at no cost to my family. My father too found a job as the Head Cook in the campus kitchen and life has never been better for us. I now hope to pay it forward by serving the society as a doctor.

Preethi Basavaraj

Batch 2015-17

Sri Sathya Sai Prashanthi Niketanam Pre-University College, Chikkaballapur

When a family is **not financially secure**, prioritising a **child's education** understandably takes a backseat.

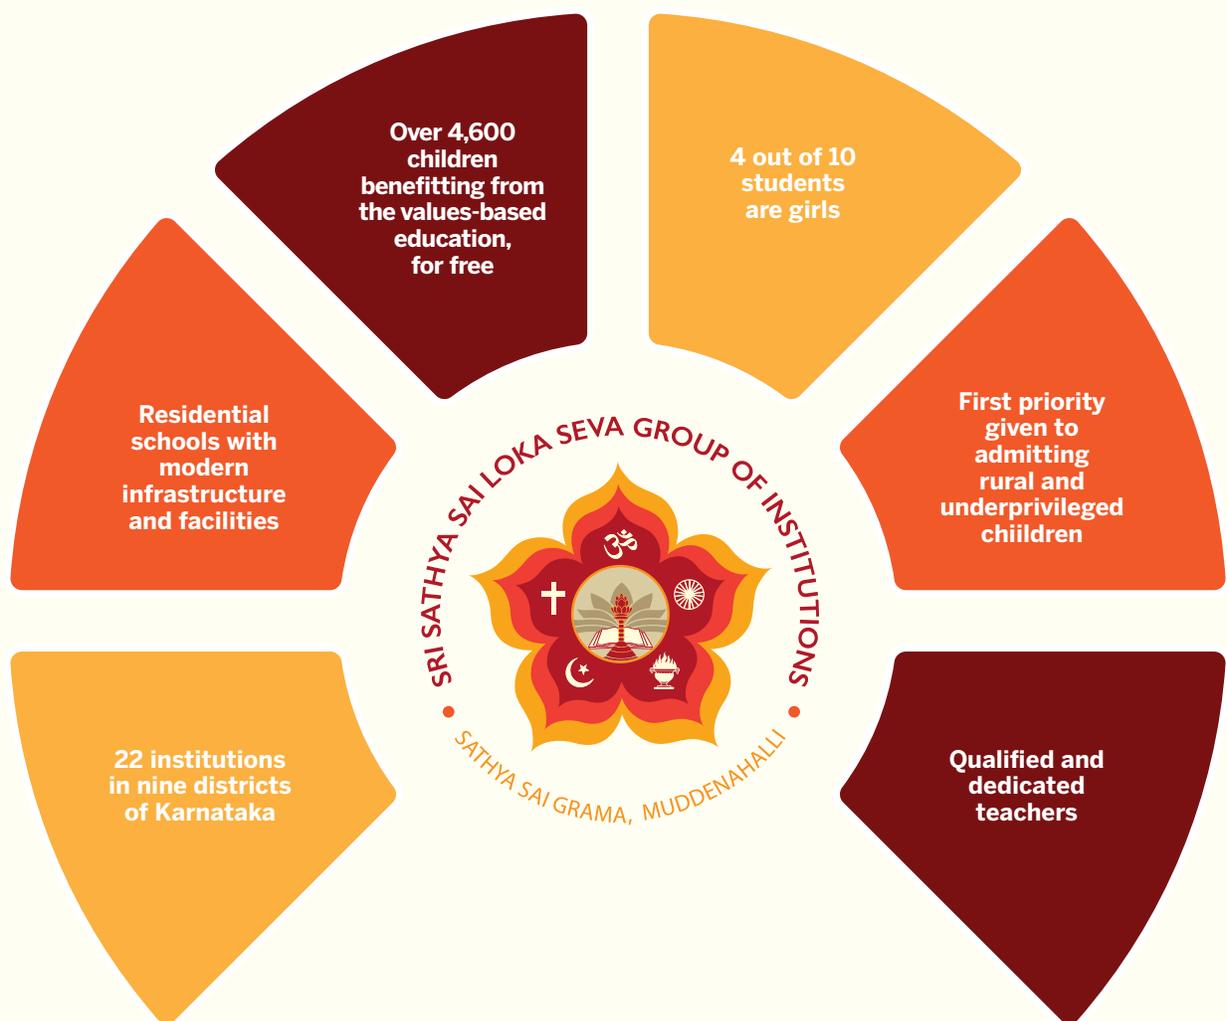

Preethi's story is a reminder of the basic aphorism today: **talent is universal**, but opportunity is not.

Our dream is to reach the rural hinterlands of the country and give the gift of education to many more.

TRANSFORMING LIVES THROUGH EDUCATION

Children at our educational institutions are exposed to quality education that focuses on both academic as well as human excellence. In the last couple of years, we have expanded our

presence to embrace more than 4,600 children across the state of Karnataka. Our focus nonetheless continues to be the holistic development of each child.

AIMING FOR EXCELLENCE

Our students are exposed to a unique learning model that isn't just limited to classrooms. From hostel rooms to dining halls to the playground, our students are exposed to values and lessons everywhere. Our model of education is based on the Sathya Sai System of Integral Education,

an education with a heart. We engage with our students at an intellectual, emotional, logical, ethical and spiritual level, inspiring and prodding them to always listen to and act from the wisdom that's latent within.

STRENGTH

CHARACTER

LEADERSHIP

The entire approach is balanced and encourages students to pursue academics as well as co-curricular activities with equal zeal.

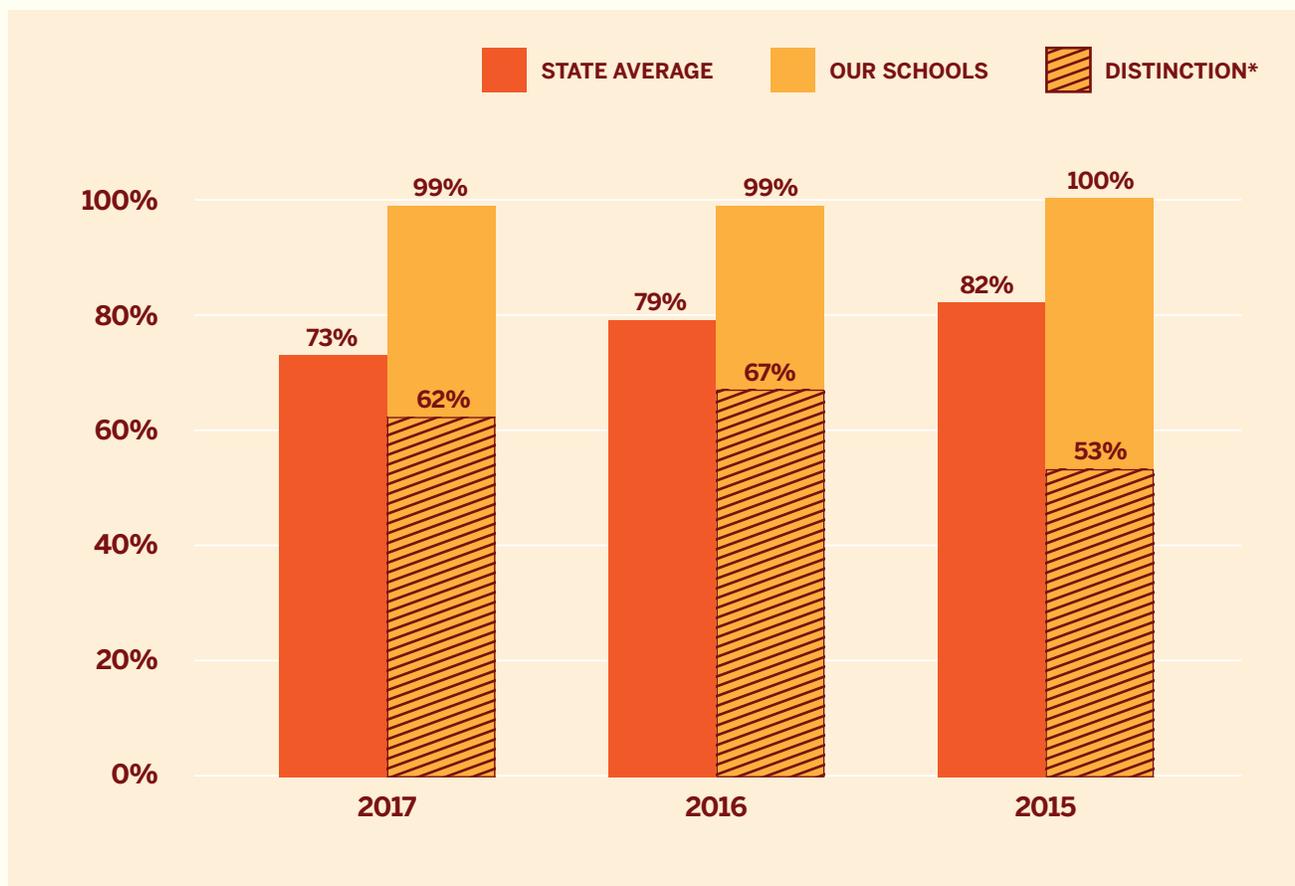

ACADEMIC EXCELLENCE

Our schools offer courses from the primary to higher secondary levels across the Central Board as well as State Board and in English and Kannada medium.

WHEN STUDENTS ENJOY SCHOOL, IT SHOWS OUR STUDENTS OWN THEIR ACADEMIC RESULTS

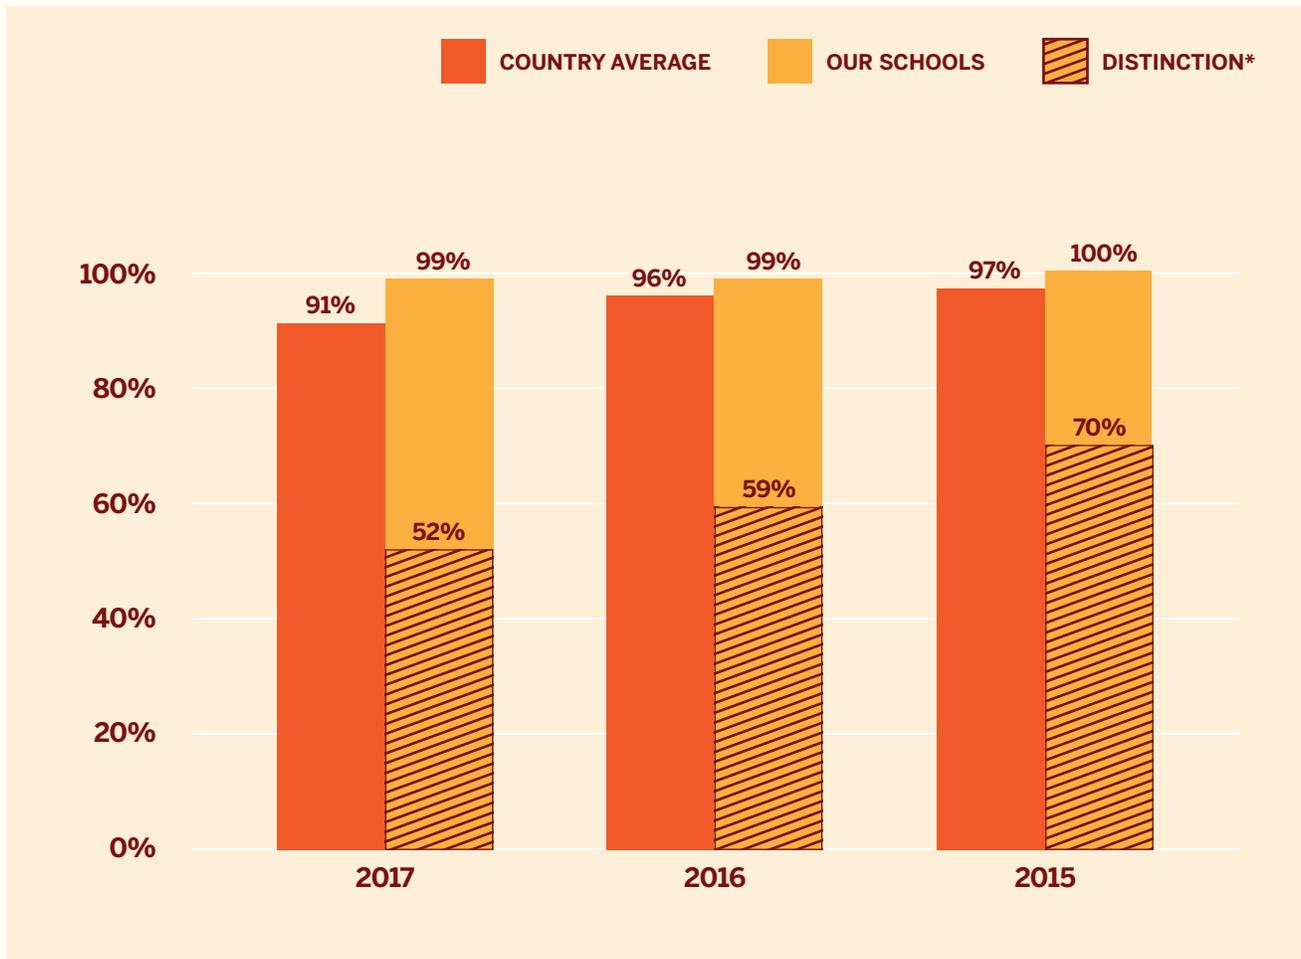

VIS-À-VIS STATE AVERAGES

STATE BOARD X CLASS SCORECARD (PASS%)

CBSE X CLASS SCORECARD (PASS%)

*percentage of students with 75 per cent or above in aggregate score

PRE-UNIVERSITY STUDENTS' ACADEMIC PERFORMANCES BOYS & GIRLS (IN %)

*percentage of students with 85 per cent or above in aggregate score

STUDENT EXCELLENCE

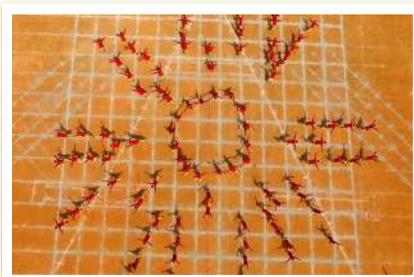

Children in our schools are always encouraged to explore beyond academics and aren't defined just by their report cards. The entire curriculum is scheduled such that they get ample opportunities

to delve into arts, sports and culture. The day's schedule allows for ample time to learn and play, and sing and dance as well.

Our Annual Sports and Cultural Meet is an amazing display of strength, character and leadership. Students from all the campuses gather in Sathya Sai Grama at Muddenahalli for the meet each year.

Students chip in with the hostel chores and choose a self-reliance of their liking.

“

After joining the Sri Sathya Sai Vidya Kendra, I've begun participating in all curricular and co-curricular activities. What I like the most is playing western instruments, being part of the band and actively participating in all the games. I'm happy here and this is my home too.

”

Rishab Jain

X Std student at Sri Sathya Sai Vidya Kendra CBSE School, Chikkaballapur

He hails from Patna, Bihar and is an all-rounder.

FACULTY EXCELLENCE

Our schools are modern-day 'Gurukulas' where all the students, teachers and elders live together. The teachers here, through their precept and practice, remain role models for the students. Teachers therefore are the fulcrum on which the levers of our education system rests.

Our teachers believe in our cause of values-education for all and have dedicated their lives to realise this shared dream.

PHYSICAL EDUCATION TEACHERS

The pursuit of contentment brought me to this institute. But I found fulfilment in serving the noble cause of education. I find the idea of training students, for them to return this favour to the society later, very practical and timely.

Ravichandran Natarajan

Centre for Training and Development,
Muddenahalli

CENTRE FOR HUMAN EXCELLENCE

To help meet the demand for teachers and professionals in realising the dream of an educated India, we have established two Centres of Human Excellence in the Chikkaballapur district. They are currently affiliated to the

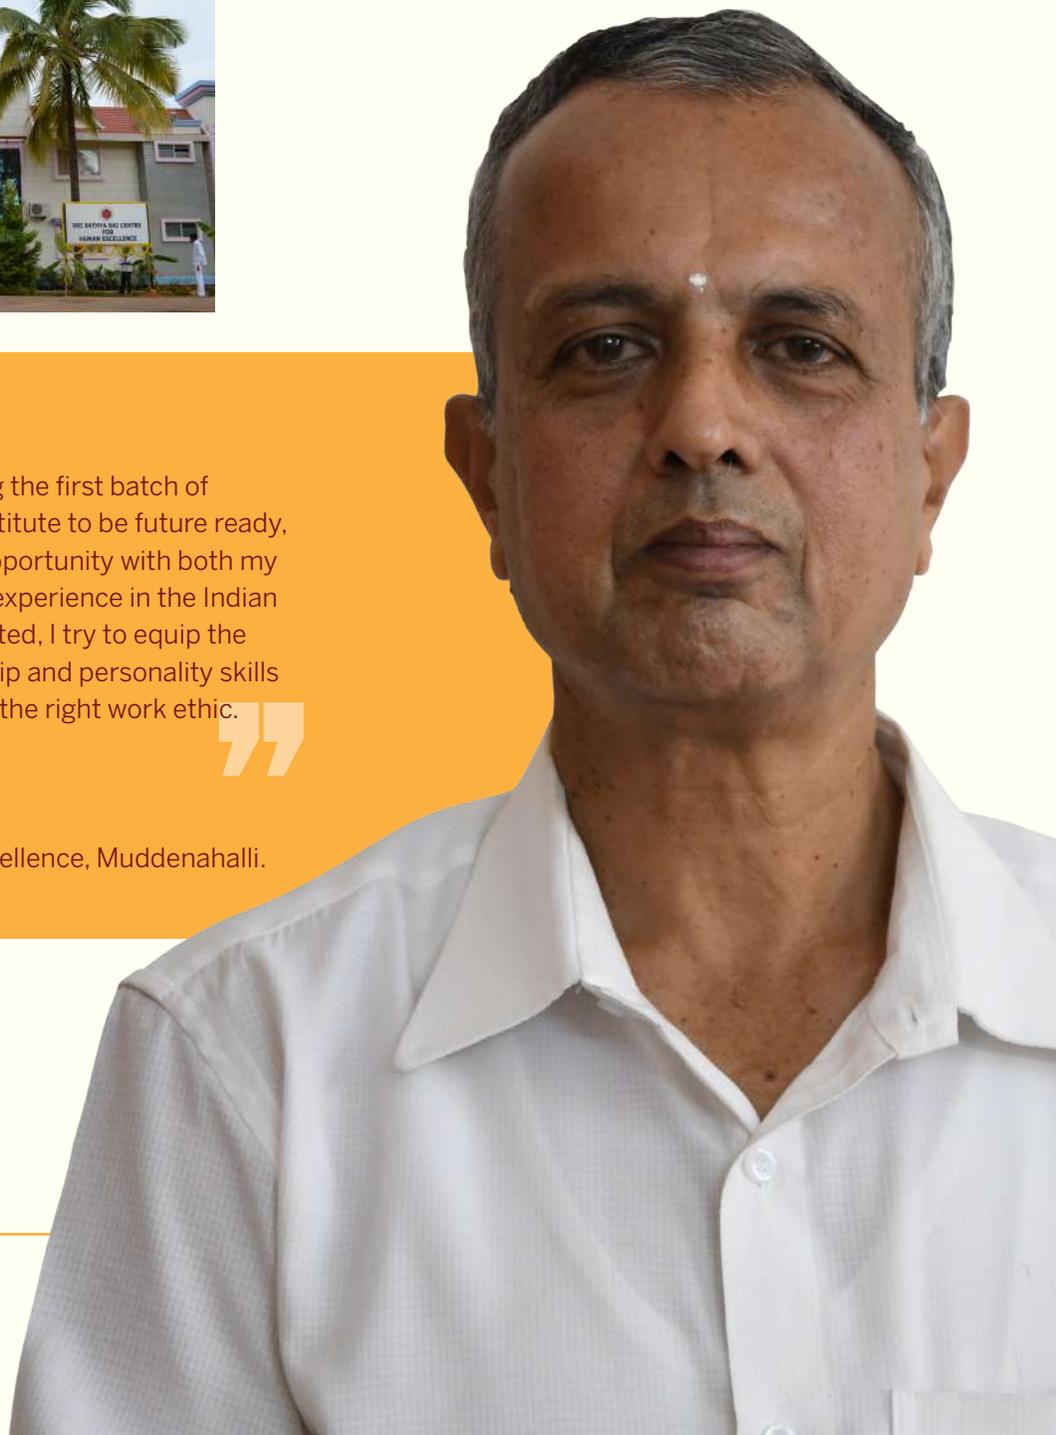

Mysore University and offer Bachelor's degree in Science and Arts. The young men and women enrolled here are trained to take charge as teachers, administrators and staff in our institutions.

“ That I will be moulding the first batch of students from this institute to be future ready, made me seize this opportunity with both my hands. With my work experience in the Indian Navy and Infosys Limited, I try to equip the children with leadership and personality skills and inculcate in them the right work ethic. ”

Cdr BG Jayaram

Joint Director
Centre for Human Excellence, Muddenahalli.

MS PRARTHANA B

Principal, Sri Sathya Sai Sri Niketanam, Jayapura – Best Contributor Award 2016 - – Awarded by Sri Sathya Sai Loka Seva Group of Educational Institutions.

We strongly believe in inclusive growth and are conscious of our role in the development of the wider academic community of the country, especially the rural hinterlands. A National Teachers' Meet was recently organised for in-house as well as other teachers. Teachers were exposed to trainers and professionals, who

taught them how to introduce creative teaching techniques, gave peeks into child psychology and shared interesting and practical tips on integrating human values into lessons while teaching. More than 1,000 teachers from eight states had attended the three-day conference held in Muddenahalli.

Academy for Creative Teaching, Bangalore

ALUMNI EXCELLENCE

The alumni of the Sri Sathya Sai Educational Institutions form an important part of the growth and sustainability story of our institutions. Their involvement ranges from providing financial sustenance to bringing skills and support from outside to introduce best practices in the campuses. The alumni are also actively involved in counselling and mentoring the current students.

The alumni bring expertise and know-how from within and without the community in areas such as eco-sustainability, green initiatives, water conservation, skill development & personality development. These engagements offer a valuable opportunity for the students to engage with people from diverse walks of lives, providing them with the much-required exposure to facets of life which aid in their wholesome development.

**INTEGRAL TO THE
SYSTEM AND HOLISTIC
IN ITS ENGAGEMENT**

Education is the single best way to help people help themselves. Yet, as a nation, we underinvest in education. Each One Educate One (e1e1) is a step towards bridging this gap. It is a movement, led by the Sathya Sai Institutions' alumni and like-minded individuals, to spread the transformative gift of education to the rural hinterlands of our country.

GOING GREEN

This alumni-driven initiative is all about helping create a campus-wide culture of conservation. Nature conservation is a big part of the work. During the year the alumni and students work together in increasing the green cover in campuses by planting trees and setting up best practices in water conservation. Many of our campuses are in arid and dry regions, and these initiatives have helped them become self-sufficient and self-sustaining with regard to their water usage. In the Gulbarga, Hassan and Mandya campuses, for example, the alumni body led the efforts for a bore well recharge and built storage tanks.

To ensure sustainability of these programmes, eco clubs are being set up in each campus.

Students who enrol in these clubs will spearhead the green initiative and ensure its continuity.

GREEN POWER

With an objective to reduce carbon emission and cut back on usage of power produced by fossil fuels, the schools have embarked on using renewable energy to power up their classrooms and dormitories. About 455 Metric Tons of carbon emissions on a yearly basis can be reduced, which in carbon dioxide absorbing

capacity is equivalent to growing 12,000 trees. Thus far, the Muddenahalli campus has an installed capacity of 450 KWP with rooftop solar panels installed on the school and hostel buildings. In the coming years, all other campuses will be powered by renewable energy too.

Solar Panels

STUDENT-TURNED TEACHER

“ Good education works for everybody, everywhere. It worked for me, it worked for you and I am sure it will work for all these children too. I am what I am today because of the gift of education I received here. I now hope to pass on this gift to many. ”

Manjrekar B.S

Currently serving as Warden, Sri Sathya Sai Centre for Human Excellence, Former student of the Sri Sathya Sai Loka Seva Group of Educational Institutions

A sizeable number has also joined our many institutions as full-time employees and volunteers, offering their skills, time and energy to the good cause of education.

MUDDENAHALLI

HEALTH CARE

Treat the patient, not the disease.

– Baba

SRI SATHYA SAI LOKA SEVA HEALTH CENTRE

The Sri Sathya Sai Loka Seva Health Centre has been in existence since 1979 at Sathya Sai Grama, Muddenahalli, Chikkaballapur. It is run by the Sri Sathya Sai Loka Seva Trust. With its staff of ten caregivers, the centre treats patients free of cost for common ailments. On an average, the able team of doctors see about 1,000 walk-ins each week.

To reach out to a wider patient base, the Centre also conducts medical camps, takes health care to the villagers' doorsteps and pays periodic visits to

government schools in the vicinity. At the camps, children and adults are screened and treated for disorders and ailments.

The Centre also works collaboratively with reputed medical colleges and hospitals such as M.S.Ramaiah Medical College, M.S.Ramaiah Dental College, R.V.Dental college and Dhristi Ophthalmic Unit and Sri Venkateshwara College of Dental Sciences.

SRI SATHYA SAI SARLA MEMORIAL HOSPITAL

This general hospital will be dedicated to improving the health of villagers, particularly women and children. The 30,000 square feet hospital will be built in two phases to house all departments pertaining to general health and overall well-being.

OTHER FACILITIES ARE:

- * Blood Bank catering to requirements of five districts.
- * Quarters for doctors and staff
- * Accommodation for nurses
- * Dormitory for patients' attendants
- * Pharmacy

VISION

Let no child go to school hungry ever!

MISSION

To nurture school-going children in rural India and disadvantaged sections of the society with nutritious breakfast, while also catering to their emotional and spiritual needs.

To expand presence to all government and government-aided schools in the country.

To enable rural uplift and transformation, and help make Indian villages ideal in terms of sustainable growth and development.

ANNAPOORNA BREAKFAST PROGRAMME

Nourishing the Nation through Nutrition

FROM THE DESK OF THE CHAIRPERSON

The simplest way to secure a healthy future of the nation is to invest in our children now. But sadly, child malnutrition is a haunting reality for us. At Annapoorna, we work towards alleviating hunger and undernourishment in rural and underprivileged school-going children by providing them with a nutritious breakfast.

Providing breakfast may be a simple concept but it has a far-reaching impact. Since we started, we have been a fortunate witness to the transformative power of the indispensable breakfast. Higher attendance, lower dropout rates, improved health parameters, marked increase in academic performance and attentiveness – and the list goes on. But the most gratifying impact of the breakfast programme has been the transformation it has kindled in these children. Inspired by the volunteers and their dedication, the children have on multiple occasions expressed their desire to pay it forward to the society when they grow up. While our reach has grown tremendously over the years, I reckon it is the inner transformation, in both the children and us, that's our biggest achievement.

While our work spans across nutrition, health, water and sanitation, the unifying focus remains the child's well-being. Setting a child on a holistic path with good daily nutrition and the ability to attend and succeed in school is our collective social responsibility, and one, which will go a long way in nation building.

It is our dream to build a nation, where no child goes to school hungry ever.

We're here until then.
Sincerely,

Narasimhachari Sampath

My mother goes to work in three houses. She leaves early in the morning and hardly stays at home except the night time. My father is a rickshaw puller. I don't see them both much.

I have been coming to school since the last two years. Before the Annapoorna team came, I never got any food till the middle of the day. But now I get very good food like milk, biscuits, bread, and banana in the school. I don't feel hungry and sleepy in class anymore. I study well and have more energy. My teacher also appreciates me more now. I love my Annapoorna uncles and aunties, and I know that they love me too.

Anita Mridha

Kindergarten student
Amodi Shishu Bhavan, Kolkata

DO YOU KNOW?

*Global Nutrition Report 2016

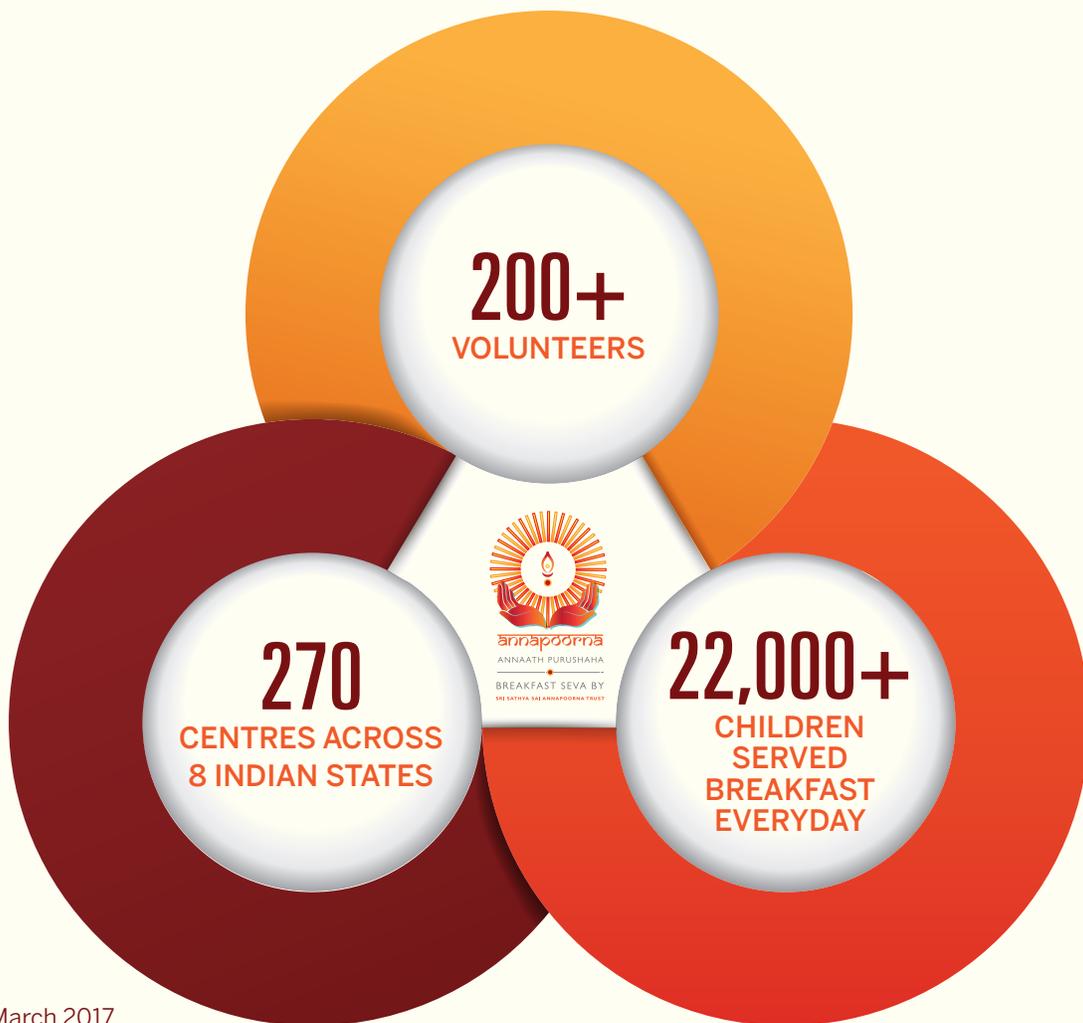

Let no child go to school hungry ever!

THE ANNAPOORNA BREAKFAST PROGRAMME

India is home to the largest number of children in the world. But unfortunately, not all our children have access to well-balanced and nutritious food. The Annapoorna breakfast programme was conceived as a solution to this. In July 2012, a handful of individuals came together and started the programme by serving breakfast to about 50 children at a school in Doddabele, near Kengeri,

Bangalore. Over the years, more schools and children were added to the breakfast chain.

Today, more than 200 Annapoorna volunteers serve freshly-cooked breakfast to more than 22,000 children every day across its many centres spread all over the country.

*as of March 2017

SRI SATHYA SAI ANNAPOORNA TRUST

The Sri Sathya Sai Annapoorna Trust was set up in November 2015. A charitable trust, headquartered in Sathya Sai Grama in Muddenahalli, it primarily oversees all the activities and obligations of the breakfast and allied programmes.

“Feeding the next generation of young school-going Indians is now an accepted state policy at the national level. But the importance of providing nutritious food perhaps needs to be highlighted more in the policy framework. For instance, while we may serve mid-day meals, it does not necessarily translate into nutrition. I think Annapoorna’s breakfast programme bridges this nutrition gap effectively.”

SRI S M KRISHNA
FORMER EXTERNAL AFFAIRS MINISTER
Government of India and former
Chief Minister, State of Karnataka

(on the sidelines of the One Nation event in Bangalore in August 2016.)

A SCIENTIFIC APPROACH TO BREAKFAST

Our breakfast menus are prepared under the guidance of our expert nutritionists' panel and are designed to meet the calorie requirements of growing children. It contains a variety of foods, such as, milk, whole grains, proteins, and fruits and vegetables, to help keep students energetic and ready to learn until lunchtime.

The entire process from planning the menu to sourcing of vegetables and milk, to training of the cooks is meticulously planned to ensure that the breakfast is wholesome in its nutrition quotient and meets the quality standards and cost checks. It is also scientifically calibrated with the prescribed percentages of carbohydrates, proteins, and fibre components, as suggested by nutritionists.

“Annapoorna menus are planned to meet the typical nutrition gap of growing children in rural India. They are designed to appease the children's palates as well as achieve a basic blend of nutrients quintessential for their overall growth and development.”

Ms Vidhya R

Chief Nutritionist

Cloudnine Hospitals, Bangalore (Jayanagar)

The entire week's offering put together meets roughly about 20-30 percent of the weekly nutrition requirement of a school-going child. This is in keeping with the standard norms worldwide.

QUALITY CHECK AND CONTROL

A check on quality of ingredients is maintained by working closely with the local vendors from whom milk, vegetables and fruits are sourced. This helps to positively engage the villagers in the programme and empower them economically, while keeping a tab on overall costs.

Cooks, who are the backbone of the entire programme are carefully selected to ensure that the breakfast not only meets the nutrition needs of the young bodies, it satisfies their little taste buds too.

**ADVANTAGE
ANNAPOORNA**

“Annapoorna has given me a fantastic opportunity to make a meaningful difference to the lives of these children. The shy but friendly smiles, innocent voices praying and singing together, and the little hands delicately eating the meal, help to make the entire experience completely joyful and one that I look forward to every week. Add to that the love and the warmth with which new volunteers are welcomed to the group! Also worth mentioning is the flexibility that is extended to aspiring volunteers, making it very easy to become a part of this beautiful activity.”

MAHEIMA KAPUR
Entrepreneur

FOCUS ON WELL-ROUNDED GROWTH OF EACH CHILD

Annapoorna started out as a breakfast only initiative. But over the years expanded its scope to include health, education, water and sanitation in its ambit to address children's overall well-being and health in a holistic way.

“ My second daughter, Sanjana, was suffering from severe anaemia. But after she started receiving regular and healthy breakfast in centre, her health has improved a lot. The children are served healthful breakfast every day, with a good mix of fruits, vegetables and milk, rich in protein and vitamins. And if the little children have trouble eating on their own, the volunteers step in, feeding them with their own hands. ”

VASANTHA B.C.

Mother of a child who receives breakfast at the centre in Doddabele, near Kengeri, Bangalore, Karnataka

HEALTHCARE

Annapoorna conducts regular health screening and dental camps for the children in the schools. The screening tests are designed in line with the guidelines of United Nations and aligned with the specifications of the Rashtriya Bal Swasthya Karyakram, Ministry of Health and Family Welfare, Government of India.

With a focus on the 4Ds in children – Defects, Deficiencies, Diseases and Developmental Delays, we aim to contribute to the children's health through timely detection, prevention, education and medical management.

EDUCATION

True education should enrich the heart and nourish the soul. In keeping with this spirit, the volunteers work closely with the children, parents, teachers and school authorities to ensure that the children are nourished holistically. Through story-telling, group singing and other such interactive activities, children are taught the importance of the secular and universal human values of truth, righteousness, peace, nonviolence and love.

Computer skills, spoken English lessons, environment awareness and other such useful and practical classes are also undertaken for the children after school.

We also sponsor higher education of children who show a keen interest in academics. Till date, over 40 children have received such a sponsorship.

WATER & SANITATION

Access to clean drinking water and good sanitation is a basic human right. In schools and villages that lack these basic comforts, Annapoorna executes drinking water projects and constructs toilets.

Simple and cost-effective RO water plants, bio-sand filters and other such solutions are developed

on a need-basis in the villages. From concept to completion, the entire project is executed in a seamless and scientific manner. On completion, each family is given a smart card that enables them to receive 20 litres of potable water every day.

15,000+

VILLAGERS NOW
HAVE ACCESS TO

WATER EVERYDAY

*as of March 2017

CORPORATE SOCIAL PARTNERSHIP

Good work always finds company. In the last couple of years, Annapoorna has garnered support and patronage from many corporates and institutions, who are equally passionate about child nutrition and well-being.

Employees from companies such as Oracle India, Sapiens and Cisco, as part of their corporate social responsibility, have put in many hours of volunteering with us and have always come back wanting for more. With each passing year, we have continued to add more corporate partners.

“I became aware of Annapoorna during the Oracle Volunteer event. We were interacting with a group of school children in a village on the importance of health and hygiene. But Annapoorna had gone many steps ahead and procured toothbrushes, toothpastes and even set up water filters for the children! Their work in the field of child nutrition is awe-inspiring and I hope to continue volunteering with them. Thanks to Annapoorna and my employer, my dream of working for the less-privileged children has come true.”

KAVYA MISHRIKOTI
Bid Office Support, Oracle India

“I have been a volunteer with Annapoorna for the past couple of years. A few months back, there was a CSR Competition held in my organisation. Employees were encouraged to present the work and impact of the NGOs they were involved with. I chose to talk about Annapoorna and the impact it was having on the rural children and communities. Out of 31 presentations, Annapoorna was adjudged the best and won the first prize! While I wish more such prizes and recognitions come our way, the smiles and love we receive from the school children will always remain the best reward.”

YOGESH SHETTY
Application Developer, Intel

Yogesh (right side) receiving the CSR award from his employer

“The breakfast programme has transformed the students in more ways than we could ever imagine. One of the Headmasters of a Government school in Chikkaballapur once shared with me that the Annapoorna volunteers had become role models for the students. Some of the students had told him that they wanted to emulate the volunteers when they grow up and serve breakfast to needy students for free! It was both humbling and satisfying to know that we were inspiring the future generation of our country to walk the path of service.”

SUNIL TG
Advisor – Service Delivery, Dell EMC

“Annapoorna has been a life-altering experience for me. Being caught up in the corporate life, in an imaginary race towards a high-flying position, and limiting my relationships to only close family members was not something I had envisioned when I returned to India from the US after my higher studies. There was a constant sense of incompleteness and shallowness inside. Until one day when I joined a friend in the distribution of breakfast to school students in south Bangalore in 2014. Seeing the satisfaction on the faces of the students, their parents, and the volunteers, inspired me to adopt a slum near my house to serve hot breakfast to the children. Three years later, and having helped served lakhs of hot meals to those children, my life seems more meaningful and is enriched with tremendous positivity.”

DR GIRISH SURYANARAYANA
Senior Research Scientist, Siemens

“I am always amazed to see children smile and shower us with so much love. I realise that I have received much more than I have given in the entire process. Overall, volunteering with Annapoorna has made me more grateful to the Universe. It has given me a platform to serve the society and pay it forward.”

SUMITA DEB
Client Service Representative, CISCO

SRI SATHYA SAI
ARADHANA TRUST

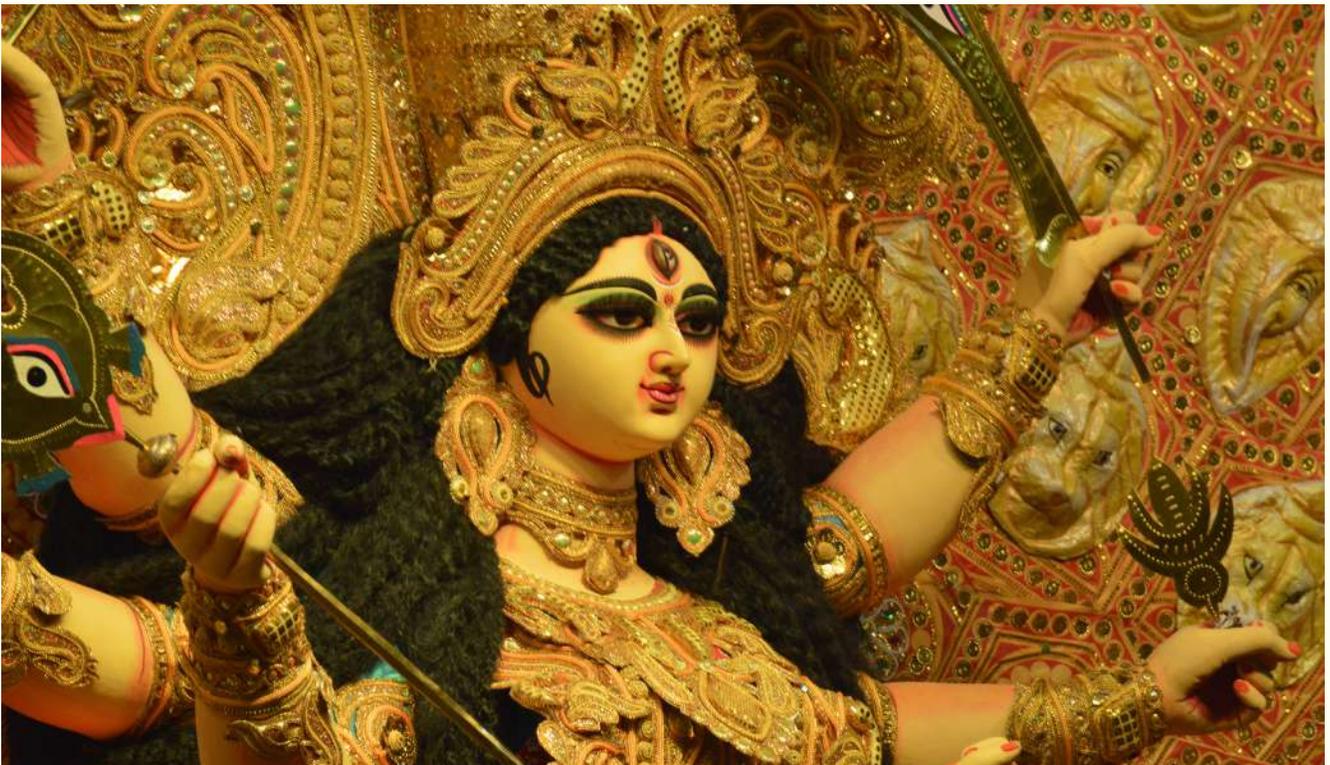

SATHYA SAI GRAMA, MUDDENAHALLI

SRI SATHYA SAI ARADHANA TRUST

SAMASTHA LOKA SUKHINO BHAVANTU

This Trust oversees the financial and administrative aspects of sacred rituals conducted at Sathya Sai Grama Muddenhalli and at other locations where temples belong to the trust. The ten-day Dusshera festival is also performed under the aegis of this Trust. The ceremony is performed with much gaiety, pomp and fervour at the ashram premises

where the Maha Rudra Yajna, Durga Puja and the Navarati Homas are conducted too. Spiritual practices are conducted with a twin objective to heal the body and mind and usher in peace throughout the world. The festive evenings are a joyous celebration of music, dance and theatre.

The Mother stands tall, magnificently dressed to guard her devotees.

GAVISIDDHESHWARA SWAMY TEMPLE AND MARAMMA DEVI TEMPLE

At the time when the Sri Sathya Sai Sharadaniketanam was getting built, there were two old shrines on the school premises of the local deity and Lord Shiva who the village folk used to worship. The Trust undertook construction of the two temples and has been maintaining them to

honour the sentiments of the locals. The entrance to the temple also bears a bust size statue of Chenna Basappa, a sage who is known to have meditated in the precincts. School students are also encouraged to offer their prayers to the deities and meditate at the Dhyana Mandapa or the meditation hall.

Pictures of the Dhyana Mandapa and the Gavi Siddheshwara Temple.

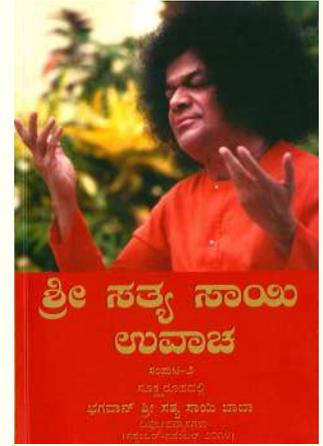

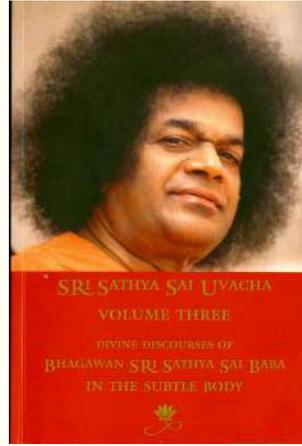

अद्वैत दर्शनं ज्ञानम्

SRI SATHYA SAI PREMAMRUTHA PRAKASHNA

This is the books, publications and communications division of Sri Sathya Sai Loka Seva Trust. It publishes excerpts of Sri Sathya Sai Baba's discourses given in the subtle form, reports on events at Muddenahalli and also compiles experiences of devotees through books published. It's e-store, saiprakashana.org facilitates the purchase of various products produced.

Sai Uvacha Series

The Sai Uvacha Series is a compilation of select discourses given by Baba in India and overseas. In the six volumes put together by a team of dedicated volunteers led by Mr Issac Tigrett, the books inspire every spiritual aspirant to dwell on and practice the teachings of Baba.

SANATHANA VANI

Sanathana Vani is radio channel under the same division. It is a global platform to invite and associate with various spiritual and service-oriented organisations to convey the message of unity of religions. Through diverse programmes for a cross-section of listeners, it reaches out to listeners from 177 countries.

THE LIVES EXEMPLAR: A TRIBUTE

As a tribute to the lives of Smt and Sri Indulal Shah and Sri Mandolin U Shrinivas, the publications division brought out coffee table books chronicling their inspirational lives of service.

Late Smt Sarla Shah and Sri Indulal Shah;
Late Sri Mandolin Shrinivas

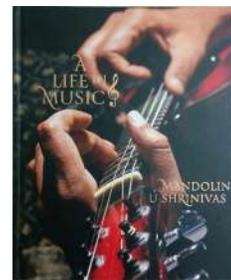

A LIFE IN SERVICE

The book brings to light Sri Indulal Shah and his wife Late Smt Sarla Shah's monumental contribution to the birth of the Sri Sathya Sai Seva Organisation and the Bal Vikas movement, and, therefore, makes a must-read for anyone seeking walk the path of spirituality through service. Their untiring contributions and personal involvement in the various facets of Baba's Mission stand testimony of their steadfast, indomitable and superlative devotion to His mission.

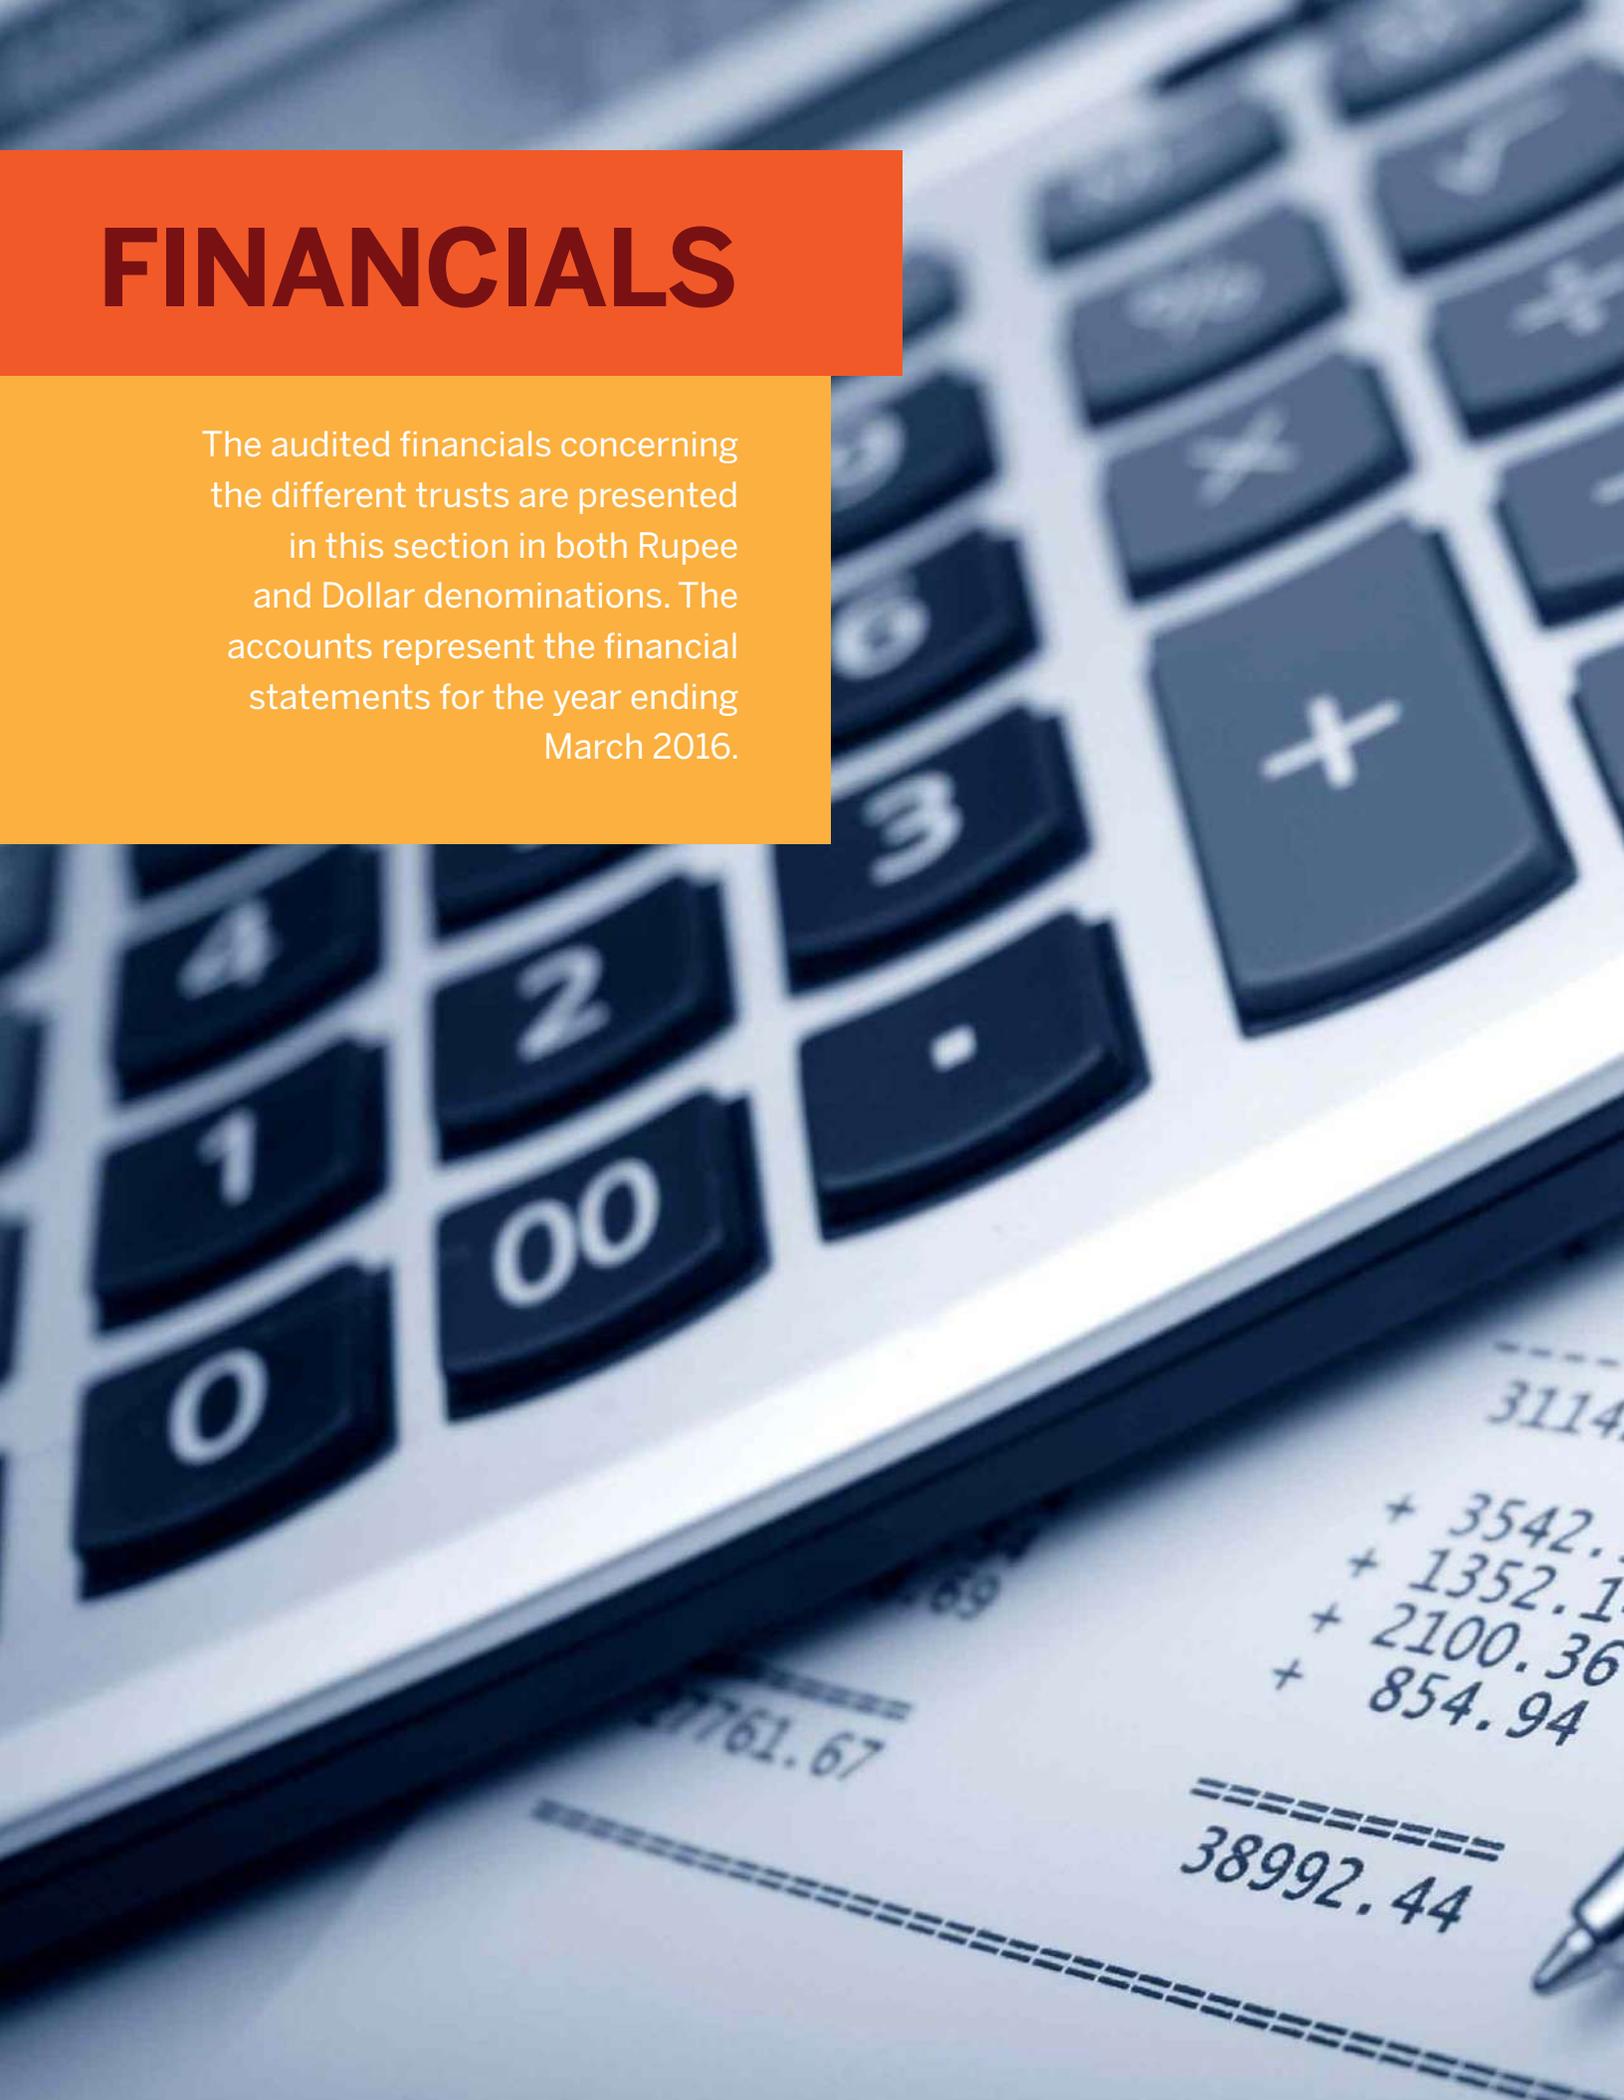

A LIFE IN MUSIC

Padma Sri Mandolin U Shrinivas, a virtuoso Indian mandolin maestro and a composer belonging to the classical Carnatic musical tradition of Southern India. He was a child prodigy and with his soft enchanting eyes and an ever-smiling face, Sri Shrinivas would captivate audiences of all ages. He was one of the few instrumentalists much favoured by all the music lovers and musicians globally. This book, 'A Life in Music' captures glimpses of his musical journey who was the first to introduce the Mandolin into the world of Carnatic music, conceiving a distinct sound and redesigning the instrument.

FINANCIALS

The audited financials concerning the different trusts are presented in this section in both Rupee and Dollar denominations. The accounts represent the financial statements for the year ending March 2016.

EVENTS

SPIRIT OF UNITY

SPIRIT OF UNITY

Religion is not about tolerance; it is about positive acceptance of everyone's beliefs and principles.

– BABA

It does not matter which God a hungry child prays to; he'll still be served breakfast with a smile. Neither does it matter if a toddler is brown or white skinned; she'll still be treated with care at our hospitals. What matters not is the scripture a child reads, but the lessons he's lovingly taught to understand that all religions are pathways to the same God. So, no matter which stable of care of our services stem from, they are all anchored in this spirit of unity.

Be it a celebration of major world festivals in Sathya Sai Grama, youth conferences to promote

harmony of religions or joining hands with people the world over in our endeavour to serve the divine in everyone, the world is literally our oyster. Unity in diversity is the underlying essence of our bi-annual National and World Youth Meets conducted every year. The three-day youth conference has one theme for each day and the events are an enviable confluence of great minds where renowned speakers address the delegates on various socially relevant issues.

ONE NATION

Great nations are propelled by the resolve of the noblest of individuals working selflessly towards betterment of the society through various social interventions. Today, if many of the world's problems have to be solved, they would demand the same sacrifice and fervour displayed by our freedom fighters to make strides towards societal advancement.

As a responsible and inclusive group of institutions established to serve the society, we deem it not

only an obligation, but a great opportunity to bring together all strata of society to build a better tomorrow and a better nation.

The One Nation event held on January 26th and August 15th on India's Republic and Independence days, is a forum for leaders from different industries to commingle and compare notes on how corporate social investment can best address social inadequacies in our society.

SERVICE ACTIVITIES ACROSS THE GLOBE

ONE PEOPLE, ONE WORLD, ONE GOD, ONE LOVE

Service is love in action. Here is a glimpse of the service initiatives undertaken by our youth delegates and alumni in different countries.

Through medical camps, vocational skill development centres and orphanages, our volunteers serve and assist children, the elderly and migrant labourers in times of calamity and need.
